

CORNELIO PAROLE III

DATA & BI ANALYST | BUSINESS INTELLIGENCE | DATA ENGINEERING

Pukekohe, Auckland 2120 | 027 437 3291 | parolenel11@gmail.com | NZ Resident - unrestricted work rights

PROFESSIONAL PROFILE

Data and BI Analyst with experience delivering end-to-end analytics across Power BI, Microsoft Fabric, KNIME, Python and SQL. Combines sales, marketing, demographic and operational data to produce reliable reporting, performance insights and decision-ready dashboards. Experienced in ETL automation, semantic modelling, data validation and translating stakeholder requirements into practical analytics solutions.

CORE SKILLS

Business Intelligence: Power BI, DAX, Power Query/M, semantic models, star schemas, RLS, KPI design, dashboard optimisation, custom visual development

Data Engineering: Microsoft Fabric, OneLake, Lakehouse, Warehouse, Dataflow Gen2, KNIME, Azure Data Factory, SSIS, ETL/ELT, REST APIs, SFTP, incremental loads, SCD Type 2

Analytics: Sales and marketing performance, advertising spend and ROI, GA4, market benchmarking, demographic and census analysis, pricing analytics

Languages & Delivery: SQL/T-SQL, Python (pandas, NumPy, PyArrow), TypeScript, Microsoft Copilot, Git, Azure DevOps, CI/CD, ServiceNow, Agile/Scrum

PROFESSIONAL EXPERIENCE

Strategic Data Analyst (12-Month Contract) | Enlite Partners | Auckland, NZ

Oct 2025 - Present

- Deliver end-to-end sales, marketing and market-performance analytics using Power BI, Microsoft Fabric, KNIME, Python and SQL.
- Integrate sales, GA4, Google Ads, census, demographic and business data through APIs and reusable ETL workflows.
- Build Fabric Lakehouse and Warehouse datasets, Power BI semantic models and executive dashboards for pricing, benchmarking and performance reporting.
- Validate data across source systems and reporting layers, resolving data-quality and reporting inconsistencies.
- Translate stakeholder requirements into measurable KPIs, analytical views and clear, decision-ready insights.

BI Analyst Intern (Workshop + Internship) | MVP Studio | Auckland, NZ

Aug 2025 - Sep 2025

- Completed project-based training in Microsoft Fabric, ETL, SQL, Python and Power BI, delivering cloud data-integration and dashboard tasks through weekly Agile sprints.

Greenhouse Worker (Casual) | T&G Global | Tuakau, NZ

Jul 2024 - Jul 2025

- Supported harvesting, crop maintenance and quality standards in a fast-paced team environment while establishing professional experience in New Zealand.

PROFESSIONAL EXPERIENCE - CONTINUED

Data Engineer / ETL Developer | Collabera Digital Inc. | Manila, PH

Nov 2023 - Feb 2024

- Developed automated SSIS and SQL Server workflows for a financial-services client, streamlining the cleansing, transformation and loading of remittance and transactional data.
- Implemented incremental loads, SCD Type 2 processing, warehouse models, logging and validation controls to support reliable and auditable data operations.

Associate Software Engineer / Packaged App Development Analyst | Accenture Inc. | Taguig, PH

Apr 2022 - Jul 2023

- Provided L1-L3 application and production support, investigating incidents, resolving bugs and implementing approved change requests across SQL and Power BI solutions.
- Served as a project point of contact, coordinating issue updates, implementation readiness and stakeholder communications across distributed teams.
- Tuned T-SQL queries and stored procedures to improve database and reporting performance, reliability and maintainability.
- Implemented and validated controlled changes in SQL and Power BI production environments, including post-deployment checks and support.
- Prepared implementation commencement notices, deployment completion communications and status updates for production changes.

Web Development Intern | Bliimo Technologies Inc. | Ortigas, PH

Feb 2019 - May 2019

- Built responsive web components using React.js, HTML and CSS and collaborated with developers on user-interface implementation.

EDUCATION & CERTIFICATION

Bachelor of Science in Information Technology | Bulacan State University | 2019

Microsoft Certified: Azure Fundamentals (AZ-900)

PROFESSIONAL DEVELOPMENT

Microsoft Power BI Data Analyst (PL-300) - currently preparing
